PROFESSIONAL SUMMARY

BS Information Technology student at Dr. Yanga's Colleges, Inc. with hands-on experience in manual testing, bug reporting, API testing in Postman, and unit tests in JavaScript, gained from my capstone project and school projects. Detail-oriented and quick to learn new tools. Seeking an internship in software quality assurance.

PROJECT AND TESTING EXPERIENCE

STRAY-SAFE: Stray Animal Reporting and Rescue System – Capstone Thesis (QA Tester and Documentation)

- **Defect Logging (TrackQA)** – Logged defects with steps to reproduce and severity while testing features and dashboards across four user roles (Admin, Rescuer, Subdivision Leader, Citizen)
- **Privacy Issue (High Severity)** – Found that full National ID numbers were shown unmasked on the Adoption Requests page and flagged it as a data privacy issue
- **Login Flow Bug** – Found that Google Sign-In skipped the OTP check and the sign-up form and went straight to the dashboard
- **Thesis Documentation** – Wrote and maintained the thesis papers, documenting the system's objectives and workflow and checking citations and consistency across chapters
- **Quality Evaluation** – System evaluated against the ISO/IEC 25010 quality model

FoundIt: Campus Lost-and-Found App – Final Exam Project

- **Web App Development** – Rebuilt the app from Flask to Next.js with TypeScript and Supabase, with create, read, update, and delete for item reports
- **Debugging** – Resolved environment and database schema problems during the rebuild

School Group Projects – QA Role (2023 – Present)

- **Feature Checking** – Tested features before submission and reported bugs to the developers

EDUCATION

Dr. Yanga's Colleges, Inc., Bocaue, Bulacan
Bachelor of Science in Information Technology | 2023 – Present

TECHNICAL SKILLS

Testing and QA

- Manual testing, test case design, bug reporting, defect tracking (TrackQA)
- Test automation: Postman API test scripts; Mocha and Chai unit, API, and browser tests

Programming and Data

- HTML, CSS, JavaScript, TypeScript (basic), Python, Java, Dart, SQL
- Next.js and Supabase

Tools

- Git, GitHub, and GitHub Actions
- MS Word, PowerPoint, Excel (basic), Canva

CERTIFICATIONS

- **Microsoft Office Specialist: Word 2019 Associate** – Microsoft, Feb 2025 (Credential ID: US08-XMBU)
- **Networking Basics** – Cisco Networking Academy, Dec 2023 (verify on Credly)
- **Networking Devices and Initial Configuration** – Cisco Networking Academy, Dec 2023 (verify on Credly)
